"Determine what customers want and deliver that. You don't necessarily have to exceed expectations.

The bigger risk to loyalty is when you fail or disappoint them."

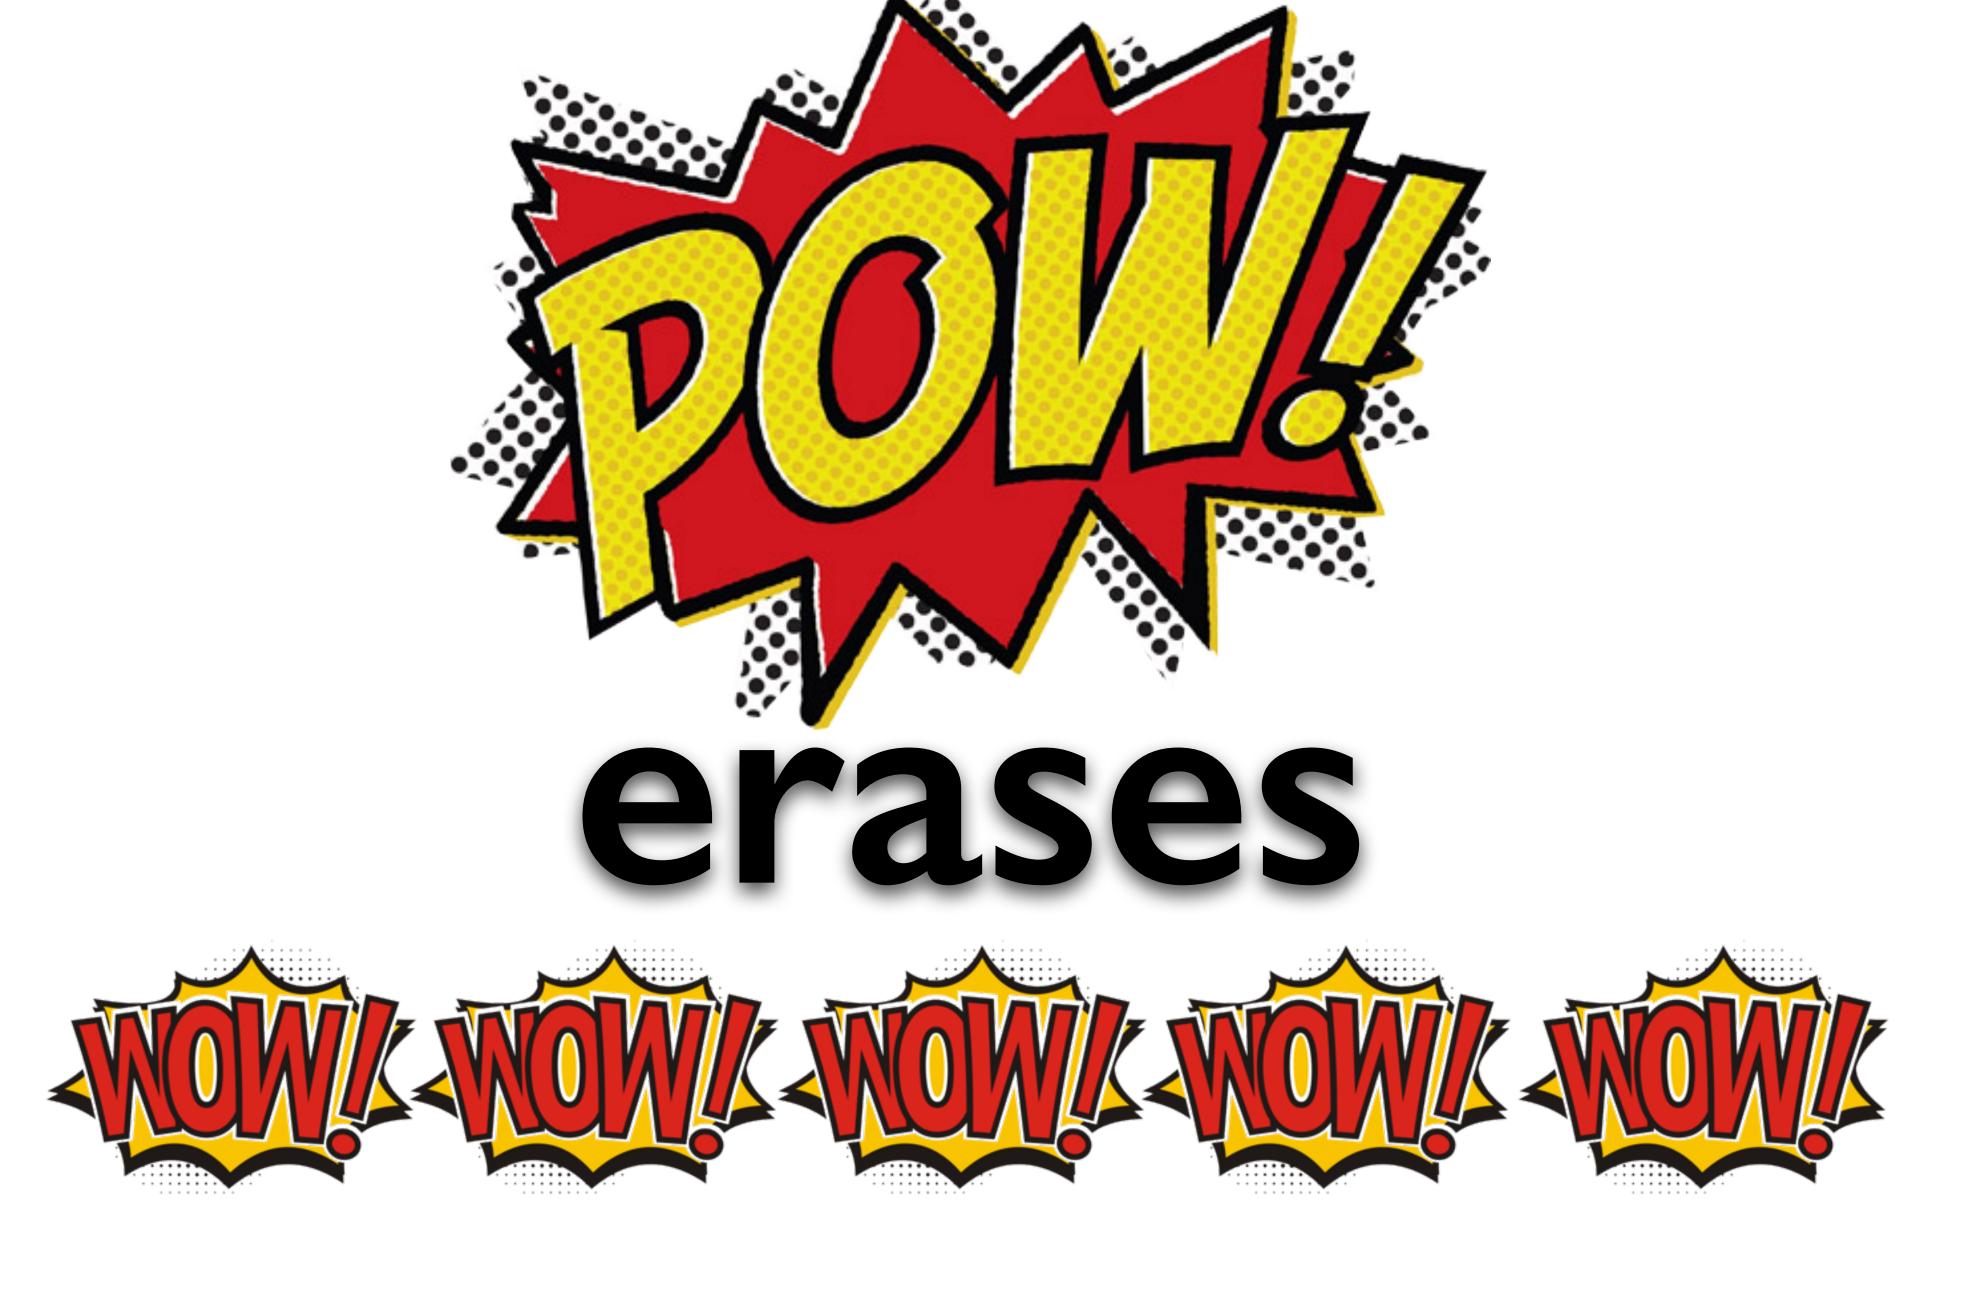

### CES (Customer Effort Scoring)

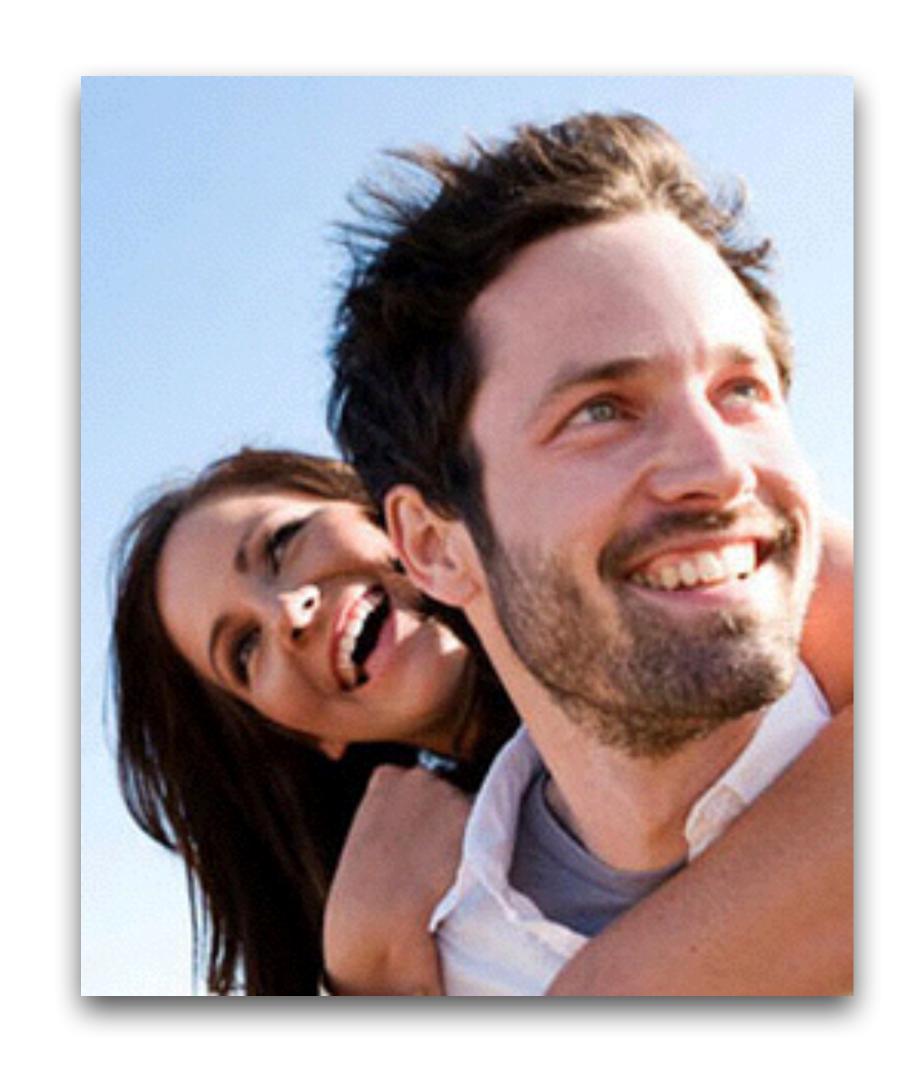

"Service organizations create loyal customers primarily by reducing customer effort; **NOT** by delighting them in service interactions."

### NPS (Net Promoter Scores)

"While we want customer scores of (9) and (10) ...scores of (6 and below) give us a vivid snapshot of our failings. We learn far more from customer complaints than we do from their compliments."
